Description: Anti-oxidant support for Liver

Indications:

To maintain and protect liver function in dogs.

LISYBIN® improves liver function by increasing liver glutathione levels which also helps with cell repair and regeneration, protecting liver cells from cell death.

Dosage and Administration:

LISYBIN® tablets should be given on an empty stomach, at least one hour before a meal for optimal absorption. The number of tablets administered may be gradually reduced, or increased, as recommended by your veterinarian.

Body Weight (kg)	LISYBIN Small	LISYBIN Medium	LISYBIN Large
Upto 5.5kg	1		
5.5 - 16kg		1	
16 - 30kg			1
