

For the use of Registered Veterinary Practitioner, Hospital or Laboratory

## STRONGBEAT®

(L-carnitine, Taurine, Ubidecarenone, Folic acid, Vitamin E with Multimineral Tablets)

### Composition:

Each STRONGBEAT® film coated tablet contains:

L-carnitine	125 mg
L-taurine	125 mg
N,N-Dimethyl glycine HCl	25 mg
Vitamin E	30 mg
Ubidecarenone USP (CoQ10) USP	10 mg
Folic acid	0.9 mg
Magnesium (as magnesium oxide)	0.5 mg
Potassium (as potassium citrate)	0.1 mg
Selenium (as sodium selenite)	0.007 mg
Excipients	q.s.

Colour: Iron oxide red and Titanium dioxide

### Description:

STRONGBEAT® is a heart support formula which supports cardiovascular health and function in dogs and cats.

### Pharmacology:

**L-Taurine** supports regular heartbeat, minimizes the loss of potassium, supports the proper use of electrolytes, and it provides antioxidant support the immune system.

**L-Carnitine** supports the use of fat for energy and oxygen utilization. It supports fat metabolism, which helps balance cholesterol and triglycerides levels, as well as supporting the heart's energy levels.

**N,N-Dimethylglycine (DMG)** supports circulation and acts as an antioxidant.

**Vitamin E** supports circulation and immune system health, as well as heart muscle strength. Vitamin E helps support tissue repair, normal blood clotting, blood pressure, strengthens capillary walls, and it is a powerful antioxidant.

**Ubidecarenone (Coenzyme Q10)** supports oxygenation of the heart tissue and helps protect against oxidation. Ubidecarenone (Coenzyme Q10) helps strengthen the heart muscle as a lipid soluble antioxidant.

**Folate** is required for the formation of red blood cells and helps support capillary blood flow.

### Indications:

- Dogs and cats with pre-existing sub-optimal cardiovascular functions
- Breeds of dogs and cats that are predisposed to cardiovascular stress

STRONGBEAT® supports heart muscles, reduce oxidative stress, and support cardiovascular functions. It also contains ingredients to support circulation and better utilization of oxygen.

- Support of geriatric patients

### Directions for use:

Dogs: 1 tablet/16 kg body weight daily

Cats: 1 tablet daily

### Caution:

Safe use in pregnant animals or animals intended for breeding has not been proven.  
For use in dogs and cats only

### Warning:

Veterinary.  
Not for Human Use  
For Use in animal use only

**Presentation:** Bottle of 30 Tablets

**Last update:** March 2018

**Storage:** Store in a cool, dry place. Protect from Light & Moisture.

Keep out of the reach of children.
